Why buy insurance through your professional association?

group rates

Buying insurance through a group may be more economical than buying an individual policy. Through your association, you're included in a large insurance-purchasing group with more than 1 million members. That's a lot of buying power!

quality products

We offer top products from insurance industry leaders such as New York Life Insurance Company, GEICO, Assurant and others—companies with a proven record of financial strength and meeting their obligations to policyholders.

exceptional service

We believe courteous, efficient service is required in every situation. If we fail to uphold that standard for even one member, we jeopardize our relationship with every member.

reliable partners

These plans are made available through your association's participation in the Trust for Insuring Educators (TIE). The Trust consists of more than 60 professional educational associations with more than 1 million members.
