This Spring's one-day conference will be about the concerns of present day educators. There will be speakers who will tell about their areas of expertise (such as school to work) and the concerns they have. Also, there will be time for the attendees to make comments and ask questions about their concerns. We hope that in the telling and sharing of information we will be helping to have impact on our future endeavors.

This conference is open to all – teachers, administrators, college students, parents, and spouses. Our title does not restrict any interested person who has a heart for those working and learning in public schools.

*Need a breather before the end of the School Year? Need some space set apart to be with Christian educators for a time? Need some spiritual uplift? Need to refresh your knowledge? Come join us for this one-day Energizer. You are not alone in your journey.*

#### Our Motto:

“If we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ His Son cleanses us from all sin.”

1 John 1:7

#### Our Mission:

Michigan Educators Christian Fellowship is an organization that encourages Christian educators to live out their faith in the public schools.
