

## What Educators Are Saying

### What I learned revolutionized my teaching!

“For twenty-nine years as a teacher, I did not know what I was allowed to do regarding the Bible, Christianity, and religious expression. Then I got a hold of Gateways’ material. What I learned revolutionized my teaching! This is now my thirty-first year. Thank you for helping me be a gateway to better education for my students!”

— Lori, middle school teacher, CA

### Like a breath of fresh air

“I am so glad I made the decision to host ‘Faith, Freedom, & Public Schools’ for our teachers. Eric’s presentation was professional and informative. It was like a breath of fresh air after a long winter. This training will equip our teachers with the knowledge they need in order to freely talk about faith without violating the separation between church and state. I highly recommend this program to you.”

— Dr. Jan Harris, Alabama School Superintendent, (after 250 teachers attended)

### I now feel confident!

“I now feel confident and clear in what is legally appropriate and acceptable in my classroom. I have practical resources to help answer questions and clarify misunderstandings from my colleagues.”

— Melanie, elementary school teacher

# FAITH, FREEDOM & PUBLIC SCHOOLS

Addressing the Bible &  
Christianity without mixing  
Church & State

The most **liberating**  
seminar a teacher will ever  
**experience!**

**Saturday, Jan. 26, 2019**  
**Eden Prairie, MN**

## The Purpose

### Learn how to confidently teach about Judeo-Christian history, culture, and values across the curriculum!

While many educators feel comfortable teaching students about various world religions, the same is not necessarily true when it comes to the Bible and Christianity.

#### Practical

*Faith, Freedom & Public Schools* is a three and a half hour seminar for public school educators. This is not about “education theory.” You’ll learn practical ways to appropriately and lawfully include teaching about the influence of the Bible and Christianity as it relates to history, culture, and values. You’ll also receive updates on federal and state religious liberty issues affecting students and teachers.

#### Interactive

You’ll gain insight and encouragement as you interact with like-minded colleagues, have your questions answered, and receive practical strategies for your classroom.

*“Attending the seminar truly changed my life!” — Kim S.*

## Program Benefits

### Understand the **4** key principles to move from fear to freedom in your classroom!

1. How the idea of “separation of Church and State” applies and doesn’t apply to your classroom
2. Your state academic standards expect students to learn about the Bible and Christianity
3. Courts support teaching students about the Bible and Christianity — including religious aspects of holidays
4. We’ll give you practical lesson ideas you can use immediately in your classroom

#### A Participant CD is included in your ticket price!

The Participant CD contains PowerPoint notes of over 200 slides and...

1. State academic standards regarding the Bible and Christianity
2. The Case for Teaching about Christianity in Public Schools
3. U.S. Dept. of Education Guidelines on Students Religious Liberties
4. Seminar summary to share with colleagues
