Edith Beatriz Lopez Julca

was born in Lima, Peru in 1992. Her artistic passion began at age 5 at the Art Museum of Lima. She has a bachelor's degree in art and design with mention in Painting from the Pontifical Catholic University of Peru. Her artistic work is characterized by the representation of light and its action on a surface or specific context through contrasts of luminosity and darkness in color. The language most used in her work is that of geometric abstraction.

“My work characterizes a composite relationship between man and God- God as an entirely spiritual being and man as his creation and participant in the earthly.”

CEAI's mission is to Encourage, Equip, and Empower Educators according to Biblical principals. Meetings are open to all educators (public and private), parents, as well as anyone interested in education. There is no charge to attend.
